1.382 tollare från 12 länder - 1.382 tollers from 12 countries

Listan omfattar:

- alla starter på officiella tollingjaktprov i Sverige (SE) från **2007 - 1/7 2025**.
- alla starter på danska tollingjagtpøve (DK) från **2007 - 6/7 2025** = röd text
- alla starter på tyska officiella tolling tests (DE) från **2016 - 1/7 2025** = orange text
- alla starter på norska officiella tollingjaktprov (NO) med kallvilt/dummys från **2018 - 1/7 2025**= blå text
- alla starter på belgiska/nederländska tollingjaktprov (BE/NL) med kallvilt/dummys **2022 - 15/6 2025** = grön text.

(Resultat från officiella tollingjaktprov med dummy är kursiva och markerade med "du". Resultaten från prov med dummy redovisas på en egen rad, som är indragen i högerkanten. Högsta merit med dummy redovisas med ett D. Har hunden en "lägre" högsta merit med kallvilt redovisas denna med ett G.

- I Norge har dummy använts på samtliga Nkl-prov sedan 2018, och används på samtliga prov i alla klasser sedan 2024.

- I Belgien/Nederländerna används dummy på samtliga jaktprov utanför jaktsäsong, då lagstiftningen ej tillåter att vilt används under dessa perioder.

- I Danmark har dummy använts på tolling working tests sedan 2007. Från 2025 finns en koppling mellan working tests med dummy & tollingjaktprov med vilt. En hund med meriter från jaktprov kan starta i motsvarande klass på working test. En hund med meriter från working test kan starta i närmast lägre klass på jaktprov.

- I Tyskland kan tollingjaktprov genomföras på kallvilt eller dummy från 2025)

Fet stil: hundar som tagit pris i Ökl.

Grön ruta: hunden har kvalificerat sig för start i högre klass på svenska tollingjaktprov.

Gul ruta: hunden har tagit pris i en högre klass på svenska tollingjaktprov.

Priser på svenska prov var 2007-2021: 1:a, 2:a, 3:a eller 0 pris. Fr.o.m. 2022 ändrat till: X = Excellent (=1:a), V = Very good (=2:a), G = Good (=3:a), N = Not sufficient (0 pris).

Samma ändring gjordes fr.o.m. 2024 för de norska proven, och fr.o.m. 2025 för de danska proven.

Priser på belgiska/nederländska prov: U = Uitmuntend (1:a), Z = Zeer Goed (2:a), G = Goed (3:a), N = Niet gekwalificeerd (0), E = Eliminatie (0)

Sammanställningen av alla resultat från de officiella tollingjaktproven och de förekommande personuppgifterna motiveras av att samtliga våra jaktprov arrangeras till gagn för det löpande avelsarbetet inom vår ras.

** När tollingjaktproven blev officiella i Sverige 2007 fanns i regelverket möjligheten för hundar, som t.ex. redan startat i inofficiella tollingprov, att starta direkt i Ökl. Det första året kunde även hundar som startat i Nkl flytta upp till Ökl, utan att ha tagit en 1:a. Efter beslut av SSRK Hs togs denna möjlighet att byta klass bort under 2008. / When official tolling trial rules were implemented in Sweden in 2007, dogs could start directly in Open class. It was also possible for a dog to move up to Open class without a 1st prize in Beginner's class. This possibility to move up to Open class was changed by SSRK in 2008.
